The penalty for lateness beyond five minutes is disqualification.
- 3.4 Competitors in stroke play arriving at their starting tee after their appointed time should be aware that Starters will only agree their time of arrival and are not authorised to apply penalties for a breach of Rule 6-3. Possible breaches of Rule 6-3 will normally be dealt with by the Chairman of the Tournament Committee or the Chief Rules Official, on completion of the round by the competitor.

The penalty for practising in breach of this Condition is disqualification.

Section 5 - Performance Enhancing Drugs

- 5.1 A player shall not knowingly make use of any drug to enhance his performance. Attention is drawn to the list of prohibited drugs issued by UK Sport. A player infringing this condition or, if asked to do so, refusing to take a test, may be disqualified.

Section 6 - Equipment

- 6.1 Players have a responsibility to ensure that tee pegs, clubs and balls they have selected for play conform to the Rules of Golf and that any ball played during the competition appears on the List of Conforming Golf Balls published by R&A Rules Limited current on the day of the competition.

- 6.2 A player unsure as to whether a piece of his equipment conforms to the Rules should take steps before the day of the competition to verify its conformity and if appropriate, bring to the course any supporting documentation.
- 6.3 The Committee reserves the right to deny use of a piece of equipment it believes may not conform.
- 6.4 The penalty for playing a non-conforming or unlisted ball, making a stroke using a non-conforming tee peg or using an artificial device or unusual equipment not permitted within the Rules during a stipulated round is disqualification (Rules 5-1, 11-1 and 14-3).

Section 7 - Caddies

- 7.1 Caddies are permitted in all competitions. However, certain restrictions may apply to those competitions where all the players are minors, see Part III - Rules and Conditions Applying to Specific Competitions.
- 7.2 A caddie may not be a professional golfer.
- 7.3 The penalty for a breach of a Condition restricting caddies shall be the same as that in Rule 6-4 for having more than one caddie.

Section 8 – Team Captains and Team Managers

- 8.1 The Note to Rule 8 (Advice; Indicating Line of Play) shall not apply to any Middlesex County Golf Union competition. Non-playing Team Captains and Team Managers may not offer advice or indicate a line for putting to any member of their Team. Playing Team Captains and Team Managers are limited to the offering of advice and the indicating of a line for putting permitted under Rule 8.

Section 9 – Markers

- 9.1 A competitor's scores shall be recorded by a fellow-competitor in the same playing group. Caddies may not act as markers.
- 9.2 Competitors within a playing group should exchange score cards at the first teeing ground. A competitor may not act as marker to more than one fellow-competitor.
- 9.3 A marker must record the scores of only one fellow-competitor or side on a score card and his own check scores.
- 9.4 A competitor whose scores are recorded in breach of 9.1 or 9.2 of these Conditions shall be disqualified.

Section 10 - Conduct

- 10.1 Players and their caddies must dress appropriately for the course and conditions and ensure that their dress does not breach the dress code of the host club. The Committee reserves the right under Rule 33-7 to disqualify a player if he or his caddie is dressed in a manner that may cause offence to the host club.
- 10.2 Players and their caddies are required to conduct themselves in accordance with the Rules of Etiquette. The Committee will not tolerate the use of bad language, spitting or the throwing equipment. The Committee may disqualify a player if it considers he has been in serious breach of the Rules of Etiquette or in the case of a breach by a caddie may require him to leave the course.
- 10.3 A player should take appropriate measures to ensure that any mobile telephone he carries during a stipulated round does not distract other players and is used with discretion. If the Committee considers that, as a result of not adhering to this condition, the player has been in serious breach of the Rules of Etiquette, it reserves the right under Rule 33-7 to disqualify the player or in the case of a breach by his caddie to require the caddie to leave the course.

10.4 The use of any form of music player or media device during play is prohibited. A player in breach of this Condition shall incur a penalty of loss of hole in match play or two strokes in stroke play. A player shall be disqualified for a second offence within the same stipulated round.

Section 11 – Pace of Play Conditions

Out of consideration for opponents and fellow-competitors, players should always be ready to play when it is their turn and endeavour to keep pace with the group ahead.

11.1 The maximum time allotted for the completion of 18 holes by a group of three competitors playing stroke play will vary from course to course but is normally between 3 hours 50 minutes and 4 hours. Referees and Rules Official if present will be able to advise the exact time for the round.

11.2 The first match or group will be considered “out of position” if, at any time during the round, the match or group’s cumulative time exceeds the time allowed for the number of holes played.

A following match or group will be considered “out of position” if (a) it is taking more time than the time allowed and (b) it reaches the teeing ground of a par 3 hole and the preceding match or group has cleared the next teeing ground, it fails to clear the teeing ground of a par 4 hole before the preceding match or group clears the putting green or it fails to arrive at the teeing ground of a par 5 hole before the preceding match or group reaches the putting green. Both (a) and (b) must apply for a group to be “out of position”.

11.3 When present, Referees walking with matches and Rules Officials on the course will be responsible for monitoring the pace of play. A match or group “out of position” will first be advised informally and must endeavour to make up the lost ground over the next two holes.

11.4 If a Rules Official or Referee is concerned that a group is not responding and remains out of position, by agreement with the Chief Rules Official and taking into account any difficulties the match or group has had, a first formal warning may be given to the match or group.

11.5 A group or match having received a first formal warning, will be monitored and their play timed to determine the cause and which players appear to be responsible for the slowness in pace.

11.6 A second formal warning may then be given to the players requiring them thereafter to play within a maximum time per shot of 40 seconds with an 10 extra seconds for the first player to play from the teeing ground of a par 3 hole; the second shot on par 4s and par 5s and from on or near the putting green of any hole. The timing will start when a player has reached his ball, has had a few seconds to select his club and is able to play without interference. On the putting green some allowance will be made for the repair of ball marks and the removal of loose impediments.

11.7 Timing will cease when the match or group is back in position.

11.8 In match play, after the second formal warning a player who exceeds the maximum time allowed for any stroke will receive a final third warning. If he exceeds the maximum time again he shall incur a penalty of loss of hole and shall be disqualified under Rule 6-7 for any further breach of these pace of play conditions.

11.9 In stroke play, after the second formal warning a competitor who exceeds the maximum time allowed for any stroke will receive a final third warning. If he exceeds the maximum time again he shall incur a penalty of one stroke; a further two stroke penalty for a subsequent breach and shall be disqualified under Rule 6-7 for any further breach of these pace of play conditions.

Section 12 - Transportation

12.1 Players and their caddies shall walk at all times during a stipulated round unless permission to ride had been granted by the Tournament Committee prior to the start of the competition.

Exception: A player may accept a ride offered by a member of the Committee when proceeding under Rule 20-5.

- 12.2 The Tournament Committee will consider a request to ride from a player (but not from a caddie) who has a disability that prevents him walking the course provided the request is made in writing no later than the date the player applies to enter the competition and provided that the player meets the definition of disabled as set out in the Disability Discrimination Act 1995. Should permission be granted by the Tournament Committee, the player will normally be restricted to using a single-seater ride-on golf cart.
- 12.3 Where the host club has two-seater golf carts for hire these are normally all reserved for use by tournament officials. If a player is permitted to ride under Condition 12.2 above and uses a two-seater golf cart, only the player his equipment and his caddie may be carried by the golf cart. If another player his equipment or caddie is carried by the golf cart that player will be in breach of Condition 12.1 above.
- 12.4 Penalty for a breach of this Condition:
Match play – At the conclusion of the hole at which the breach is discovered, the state of the match is adjusted by deducting one hole for each hole at which a breach occurred; maximum deduction per round – Two holes.
Stroke play – Two strokes for each hole at which any breach occurred; maximum penalty per round – Four strokes.
Match or stroke play – In the event of a breach between the play of two holes, the penalty applies to the next hole. Use of any unauthorised form of transportation must be discontinued immediately upon discovery that a breach has occurred. Otherwise, the player is disqualified.

Section 13 - Adverse Weather Conditions

- 13.1 In the event of adverse weather conditions or a dangerous situation arising during a stroke play competition, the senior member of the Tournament Panel of Rules Officials present shall be responsible for any suspension and resumption of play. He shall be the person responsible for the overall safety of competitors on the course and be the judge as to when a dangerous situation exists.
- 13.2 It is in the interests of all players and their caddies to familiarise themselves with the procedures for the suspension and resumption of play published with the Local Rules for the event. The penalty for breach of these procedures is disqualification.
- 13.3 If in the opinion of the Committee it becomes impossible to complete an event in accordance with the Conditions thereof because of adverse weather or playing conditions the Committee shall be empowered to vary such Conditions to the extent necessary to achieve a result.
Note: The Committee should pay particular heed to related Decisions such as 33-1/2 and 33-2d/1.

Section 14 - Submission of Results

- 14.1 The Committee shall establish a manned Receiving Point accessible from the course to which all results shall be reported. Where necessary it shall provide adequate signage to assist players to return their results and score cards to that point.
- 14.2 Where a match has been accompanied by a Referee, he shall report the result direct to the Recorder. Otherwise both sides must report together to the Receiving Point immediately on completion of their match and report the result. Any outstanding claim should be resolved before the sides leave the Receiving Point.
- 14.3 In a stroke play competition, all competitors within a group must report to the Receiving Point together immediately on completion of the last hole. At the Receiving Point score cards will be checked and signed. Competitors must report any play of a second ball under Rule 3-3 or any ball played from a wrong place under Rule 20-7 and settle any doubtful points. Once a competitor has left the Receiving Point, his score card is deemed to have been returned.

- 14.4 A competitor who fails to return his score card to the Receiving Point within twenty minutes of leaving the last putting green shall be disqualified.
- 14.5 If the Receiving Point is not being manned by a member of the Tournament Panel of Rules Officials where possible one should be summoned to resolve any matters relating to the Rules of Golf.

Section 15 - Resolution of Ties

Unless the Conditions of a particular competition state otherwise ties shall be resolved in the following manner:

- 15.1 In match play off handicap if a match is all square after eighteen holes additional holes shall be played until one side wins a hole. The play of additional holes shall start at the 1st tee and handicap strokes shall be allowed as in the prescribed round (see Rule 2-3 and Appendix I Part C - 11). In match play off scratch extra holes to resolve a tie shall start at the hole where the match started.
- 15.2 If there is a tie for winner of a scratch stroke play event, the competitors with the joint lowest scores shall play in a hole-by-hole play-off over holes selected by the Committee in a stipulated order until one competitor scores less at a hole than his fellow-competitor(s) (see Appendix I Part C - 11). Play must be to the Rules as they apply to stroke play and competitors must hole out to remain in contention (see Decision 33-6/3). The Committee shall not require the completion of a score card during a play-off (see Decision 33-5/1).
- 15.3 The Committee shall determine the holes to be played in a stroke play play-off before commencement of play of the final round.
- 15.4 The groupings for a play-off and the order of play shall be decided by lot by the Committee (see Decision 33-3/4).
- 15.5 If there is a tie for a place (second, third, etc) of a scratch stroke play event for which an award is to be made, the tie shall be resolved by the reverse order in which the competitors lost in a play-off to determine the winner. If this does not resolve the tie or if the competitors were not in a play-off the tie shall be resolved by the matching of score cards as described in Condition 15.7 below.
- 15.6 If there is a tie for the winner or places of a handicap stroke play event or award, the winner and places shall be determined by the matching of score cards as described in Condition 15.7 below.
- 15.7 In the matching of score cards, where a competition is over more than one round, the competitor with the lowest score for the last round shall be the winner.
